

52-56 Lant Street
London SE1

This scheme comprises 67 flats together with 6-8,000 sq. ft of commercial office space. Of the 52 flats for private sale, 15 were developed for Affordable Housing.

The commercial element is constructed in a self contained tower at the front of the site with the residential units stretching back to the full depth of the plot.

A full basement was constructed which provides car parking, bicycle storage, refuse and plant room facilities.
