

The Purcell School of Music

Bushey Herts

Rooff are pleased to announce completion of the new music centre at the award winning Purcell Music School in Bushey, Hertfordshire.

The Purcell school is a Centre of Excellence and was awarded the UNESCO Mozart Gold medal in recognition of its unique contribution to music, education and international culture.

The new music centre provides state of the art facilities, featuring a magnificent recital room together with instrumental and academic teaching rooms, a recording suite and associated accommodation.

Edward Cullinan Architects have designed a building which truly reflects the quality aspirations of the client, which can also be seen in the high standard of finished materials and workmanship.

The project was won through a traditional procurement route, which is one we strongly advise is followed for complex and high quality projects.

Rooff are proud to be able to include this building within their expanding portfolio of completed Performing Arts Projects.
